18 - 20 MAY 2017 · COPENHAGEN · DENMARK

## WELCOME

Dear Partners,

It is with great pleasure that we invite you to support the next conference organised by Nordic Pediatric Ophthalmology Group and Nordic Strabismological Association: **NPOG NSA 2017**.

NPOG NSA 2017 will take place from 18 to 20 May 2017, at Rungstedgaard in greater Copenhagen, Denmark. We expect approximately 125 participants.

We hope you will use the opportunity to profile your company/products towards these important groups of Nordic ophthalmologists with interest in the special eye problems in paediatrics.

NPOG NSA creates an opportunity for companies to meet researchers, users, decision makers and buyers of products related to this field and at the same time promoting your company.

Furthermore the conference also gives your company a unique opportunity to gain insights into recent developments of the market, providing your company leads for innovation and strategic sales advantages.

The support from the industry is highly appreciated by the participants, and the organisers will do their best to secure maximal interactivity between the participants and the sponsors/exhibitors, both with regards to allocation of time to visit the exhibition and networking environment but also by securing the "alertness" of the participants by creating multiple choice questionnaires and other small competitions.

Hopefully you will find the information you need in this manual.  
We remain at your disposal should you have any questions.  
We look forward to hearing from you.

With kind regards  
On behalf of the Local Organising Committee

Dorte Ancher Larsen  
and  
Jon Peiter Saunte
